

# EVOLVE 2021 Conference Agenda

Friday, September 24th, 6pm - 8pm

Registration / Cocktail Networking Event Included with Registration

Saturday, September 25th, 8am - 5pm

George Chang Chien, DO - **Welcome**

Bert R. Mandelbaum, MD - **The Win Within: Capturing Your Victorious Spirit**

Don Buford, MD - **The Latest in Research for Regenerative Medicine**

Don Buford, MD - **Non-Surgical Regenerative Hip Interventions**

Jen-Li Pan, MD - **Injectable Scaffolds in Regenerative Medicine Pain Interventions: A Clinicians**

## Perspective

George Chang Chien, DO - **Treating the Functional Unit**

Break

Andrea Trescot, MD - **Prolotherapy: Everything Old is New Again**

Arnold Caplan, PhD - **MSCs are Medicinal (not Stem Cells)**

Arnold Caplan, PhD - **The New Age of Cell-Based Theory**

George Chang Chien, DO - **Award Recognition - Arnold Caplan, PhD**

Lunch

## Track 1

Richard Rosenthal, MD & Joel Baumgartner, MD - **BMA technique under fluoroscopy and**

### Ultrasound

Sudhir Diwan, MD - **Technical Aspects of Cervical Regenerative Medicine Injections**

Aaron Calodney, MD - **Epidural Use of Regenerative Medicine for Radiculopathy**

Bert R. Mandelbaum, MD - **Treating Sports Injuries with Regenerative Medicine**

Stanley Lam, MBBS, MSc, MScSEM, MScSMHS, RMSK, CIPS, FIPPs - **US Guided**

**Intradiscal Injections: US-Assisted Intraosseous Regenerative Injection Therapy**

## Track 2

Matthew Peterson, MD - **Quality Lead Generation for Regenerative Medicine**

Joel Baumgartner, MD - **Sexual Health: How to Maximize Gains from PRP, Supplements and Peptides. Feel Like You Are 20 Again!**

Debra Durst, MD - **Hair Restoration with Regenerative Medicine**

Christy Davies, MBA - **How to 10X Your Practice Utilizing Digital Marketing**

**Round Table Discussion with Experts-Discuss Specific Topics in a Small Group Setting**

# EVOLVE 2021 Conference Agenda

Sunday, September 26th, 8am - 5pm

Richard Rosenthal, MD - **FDA Updates**

Joel Baumgartner, MD - **Optimizing Outcomes: Biohacking (Nutrition, Supplements, Technology-ECSWT, Peptides)**

Matt Murphy, PhD - **Maximizing PRP**

Michael Bellio, PhD - **The Future of Allograft Products in Regenerative Medicine**

## Break

### Track 1

Aaron Calodney, MD - **Regenerative Medicine & Bio Chemistry of Degenerative Disc Disease**

Jeimylo De Castro, MD - **A2M and Peripheral Nerve Entrapments**

Matthew Peterson, MD - **Pre and Post**

### Treatment Protocol

Ameet Nagpal, MD - **Physical Exam and Dynamic Ultrasound Evaluation of the Shoulder**

Tami Meraglia, MD - **How to Optimize the Stem Cell, Microenvironment: Hormones, Supplements, Sleep, Meditation**

### Track 2

Debra Durst, MD - **PRP Facials**

George Chang Chien, DO - **PRP Facials**

## Lunch

### Track 1

Sadiq Bhayani, MD - **Lower Extremity Nerve Entrapments and Hydrodissections**

Andrea Trescot, MD - **Practical Regenerative Medicine Advice for a Private Practice**

Sudhir Diwan, MD - **Intradiscal Allogenic and Autologous Stem Cells**

### Track 2

Garrett Ewers, CIO - **Testimonial Power**

Garrett Ewers, CIO - **How to Increase Conversions and Grow Your Regenerative Appointments**

Christy Davies, MBA - **Business Logistics for Your Regenerative Medicine Practice**

**Live Patient Demos and Panel Discussion**
